

Commander SERIES

RC50 SERIES

70 - 250 HP — 20'

Available in:

5 year
Limited
Gearbox Warranty*

**HEAVY
DUTY**

**250
HORSEPOWER**

The Commander series is available in a 20' Cutter to maximize and take command of your largest areas. Built to handle 3" diameter material, cutting a 20' swath will put a great deal of work behind you in a hurry.

Roadsides, pastures, set-aside acres and crop residue are perfect jobs for the 20' Commander. Wing decks float independently, and follow the contour of the land leaving a nicely cut surface.

- 540 or 1000 RPM
- Self-leveling hitch reduces drawbar wear
- 3/16" Deck thickness
- 1/4" Sidewall thickness reduces debris piercing possibilities
- 1/2" x 4" Blades with 6" blade overlap
- 3" Cutting capacity
- Replaceable skid shoes: one each wing, two on center section
- 3/16" Round stump jumper
- Input driveline: Cat. 5 CV or Conventional, Star Profile
- 250 HP gearbox rating with rugged 2 3/8" output shaft
- 4 Plate slip-clutch protects drivelines and gearboxes
- Transport wing locks for safe, narrow transportation
- 4" x 8" Height adjusting cylinder
- Enclosed front to rear leveling rods
- 1" Solid hinge rods
- Rubber, chain or double chain guards
- Deck rings are available
- Laminated or aircraft tires
- Shredder and baffle kit available

Outer wing wheels can be single or dual. Duals are ideal when mowing in areas where one wing needs to flex up hill. The outer wheel rides up the embankment and keeps the deck from gouging. Wheel spindles are bolt-in to allow easy change out.

14' OFFSET

The 20' cutting width, 2" to 14" cutting height and ability to cut weeds and brush up to 3" in diameter make the RC5020 well suited for varied applications. Various safety guard choices make these an excellent choice for state and municipal mowing applications.

The double stacked blade configuration on the Shredder kit is ideal for cutting residue into smaller pieces, while the Baffle kit maintains the cut material in each section of the cutter for a consistent discharge from the rear of each deck.
